

Testimonial Samplings for Organized Audrey Training

“Thanks again for sharing your time and expertise with us last night. Your presentation was fun, informative and interactive. The message was delivered at a critical time when everyone is looking for ways to do more with less. Your willingness to tour a couple of our pharmacies to get a better idea of their challenges was greatly appreciated.”

“Audrey's ability to apply *Lean* principles to the office environment is unparalleled in my opinion. Her teaching style is engaging and informative. The applications she provides are both useful and practical, the results immediate. I would highly recommend Audrey in any capacity that would help bring Lean into the "cubicle" side of any organization.”

*Mike Ambrose, Operations Scheduler, **Mayo Clinic***

“Audrey Thomas is a true expert in organization, time management and keeping people "sane". She provided valuable e-mail tips...and I thought I knew Microsoft Outlook! Thanks so much for sharing your valuable time and knowledge with us.”

*Robin Murphy, Program Director, Northstar Chapter, **APA***

“I found your presentation on *Lean Office* to be extremely helpful to me. After sorting two large boxes of paperwork I now have room for my legs under my desk! I look forward to more sessions with you.”

*Pam Hameister, Recording & Abstracting Supervisor, **Olmsted County***

I attended your seminar *Entangled in E-mail*. In that time you so motivated me with your e-mail and work flow tips that I came back to my office, raved about you to my boss and then promptly sat down at my computer and proceeded to organize the rest of the day. When I sat down I discovered I had over 7,000 emails sitting in my inbox. 7,000! I couldn't believe it. I sorted and deleted my inbox down to 34 emails! And today, a week later, I am down to 16!

It feels great to have quite literally lightened my load and to know I'm up to date with those emails that required work and a response. I was buzzing with excitement as I returned to my office and I'm happy to say these new methods are going to be part of my work flow for good! Thank you

*Katherine Nielsen, Communications Manager, **Builders Association of Minnesota***

I've never seen so many people stay to the end of conference as I did when you were our closing speaker! Your presentation *Buried Alive!* was precisely what we were looking for. You gave us help with our day-to-day struggles and not one person left without something to change when they returned to the office. For that, you will be remembered as the highlight of our event.
